The computation basis of the performance is based on the calendar year end, NAV-To-NAV, with dividend reinvested. Performance is shown net of fees. These figures show by how much the HuaAn Aggregate China Bond Fund / Class A and Class I increased or decreased in value during the calendar year being shown. Performance data has been calculated in RMB, including ongoing charges and excluding subscription fee and redemption fee you might have to pay. Where no past performance is shown there was insufficient data available in that year to provide performance.

Class A Units, being a class of units with the longest track record among all classes of units and available to retail investors, is selected as the representative class of units as the investment strategies as well as the fees payable by investors with respect to Class A Units and Class B Units are identical. Although Class A Units are being held by certain investors as at the date of this statement, Class A has been closed for subscription from 1 October 2015 until further notice.

• For 2012, the calendar year performance is calculated since fund inception on February 1, 2012.

Fund launch date: February 1, 2012

Class A Units & Class I Units launch date : February 1, 2012 (close for subscription since 1 October 2015)

Class B Units & Class I-2 Units launch date : 1 October 2015
