# HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

## REPORT OF THE MANAGER TO THE SHAREHOLDERS

### Introduction

HuaAn Investment Grade Bond Fund is a sub-fund of HuaAn Investment Fund OFC. The inception day of the Fund was on 28 November 2022. The manager of HuaAn Investment Grade Bond Fund is HuaAn Asset Management (Hong Kong) Limited and the Custodian and Administrator is Bank of Communications Trustee Limited.

### Fund Performance

HuaAn Investment Grade Bond Fund seeks to provide investors with a stable and consistent investment return over medium to long term by investing primarily in investment grade debt securities globally. The Sub-Fund will primarily (i.e. at least 70% of its NAV) invest in investment grade debt securities globally. The Sub-Fund may invest up to 30% of its NAV in below investment grade or unrated debt securities, which in the opinion of the Manager are suitable for achieving the investment objective of the Sub-Fund. As of 31 December 2025, the Net Asset Value per share of HuaAn Investment Grade Bond Fund for Class A USD (accumulation) was US\$109.5571, Class I USD (accumulation) was US\$1,160.7286, Class O USD (accumulation) was US\$11.7889 (2024: Class A USD (accumulation) was US\$101.2370, Class I USD (accumulation) was US\$1,068.4284, Class O USD (accumulation) was US\$10.8081). The total size of the fund was approximately US\$6.64million.

As of 31 December 2025, a summary of the performance of HuaAn Investment Grade Bond Fund is given below:

Historical Performance#								
	Since Launch <sup>1</sup>	YTD	1 Month	3 Months	6 Months	1 Year	2025	2024
<b>Class O USD (accumulation)</b>	17.89%	9.07%	0.18%	1.47%	4.24%	9.07%	9.07%	2.83%
<b>Class I USD (accumulation)</b>	16.07%	8.64%	0.14%	1.37%	4.03%	8.64%	8.64%	2.42%
<b>Class A USD (accumulation)</b>	9.56%	8.22%	0.10%	1.27%	3.82%	8.22%	8.22%	1.24%

## Independent Auditor's Report

To the shareholders of  
HUAAN INVESTMENT FUND OFC (the "Company") and HUAAN INVESTMENT GRADE BOND FUND (the  
"Sub-Fund") of the Company  
(an open-ended fund company with variable capital and segregated liability between sub-funds)

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of HuaAn Investment Fund OFC ("the Company") and HuaAn Investment Grade Bond Fund (a sub-fund of the Company and referred to as "Sub-Fund") set out on pages 8 to 30 which comprise the statement of financial position as at 31 December 2025, and the statement of profit or loss and other comprehensive income, the statement of changes in net assets attributable to shareholders and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the financial statements give a true and fair view of the financial position of the Company and the Sub-Fund as at 31 December 2025, and of its financial performance and cash flows for the year then ended in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

#### Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") as issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company and the Sub-Fund in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other information

The Manager and Directors of the Company and the Sub-Fund are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Independent Auditor's Report (continued)**

To the shareholders of  
HUAAN INVESTMENT FUND OFC (the "Company") and HUAAN INVESTMENT GRADE BOND FUND (the  
"Sub-Fund") of the Company  
(an open-ended fund company with variable capital and segregated liability between sub-funds)

### **Responsibilities of Manager and Directors for the Financial Statements**

The Manager and the Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS Accounting Standards as issued by the HKICPA, and for such internal control as the Manager and the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager and the Directors are responsible for assessing the ability of the Company and the Sub-Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager and the Directors either intend to liquidate the Company and the Sub-Fund or to cease operations, or have no realistic alternative but to do so.

In addition, the Manager and the Directors are required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the instrument of incorporation of the Company dated 2 August 2022, Part 7 of the Securities and Futures (Open-ended Fund Companies) Rules ("OFC Rules"), Appendix E of the Code on Unit Trusts and Mutual Funds ("UT Code") and Chapter 9 of the Code on Open-Ended Fund Companies ("OFC Code") issued by the Hong Kong Securities and Futures Commission.

The Manager and the Directors are responsible for overseeing the financial reporting process of the Company and the Sub-Fund.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with section 153 of the OFC Rules, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Company and the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the instrument of incorporation of the Company and the Sub-Fund, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code.

## **Independent Auditor's Report (continued)**

To the shareholders of  
HUAAN INVESTMENT FUND OFC (the "Company") and HUAAN INVESTMENT GRADE BOND FUND (the  
"Sub-Fund") of the Company  
(an open-ended fund company with variable capital and segregated liability between sub-funds)

### **Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and the Sub-Fund.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the manager and the directors.
- Conclude on the appropriateness of the manager's and the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company and the Sub-Fund to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

**Independent Auditor's Report (continued)**

To the shareholders of  
HUAAN INVESTMENT FUND OFC (the "Company") and HUAAN INVESTMENT GRADE BOND FUND (the  
"Sub-Fund") of the Company  
(an open-ended fund company with variable capital and segregated liability between sub-funds)

**Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

We communicate with the Manager and the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on matters under the relevant disclosure provisions of the instrument of incorporation of the Company and the Sub-Fund, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code**

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the instrument of incorporation of the Company and the Sub-Fund, Part 7 of the OFC Rules, Appendix E of the UT Code and Chapter 9 of the OFC Code.

The engagement partner on the audit resulting in this independent auditor's report is KWONG, Chun Kit (practising certificate number: P06150).

## HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

### NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

#### 1. THE SUB-FUND

HuaAn Investment Fund OFC (the "Company") is a Hong Kong open-ended fund company with variable capital and segregated liability between sub-funds regulated under the SFO. The Company was incorporated pursuant to an Instrument of Incorporation filed with the Registrar of Companies of Hong Kong on and effective as of 2 August 2022, with registration number OF88 and CE number AVW363. Participating Shares are now being offered for sale to investors in HuaAn Investment Grade Bond Fund (the "Sub-Fund") with CE number AVW363. The Sub-Fund launched on 28 November 2022, after the Sub-Fund has been launched.

The Manager of the Company is HuaAn Asset Management (Hong Kong) Limited. The administrator and the custodian of the Company and the Sub-Funds is Bank of Communications Trustee Limited ("BOCOM Trustee"), which is a registered trust company in Hong Kong.

Class A USD Shares, Class I USD Shares and Class O USD Shares are available for investment by institutional professional investors (as defined under the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission) and other professional investors which the directors and Manager may designate in their discretion.

The investment objective of the Sub-Fund is to provide investors with stable return. The Sub-Fund invests deposits, including but not limited to fixed deposits, saving deposits with remaining days to maturity of less than 370 days, issued by investment grade-rated banks or substantial financial institutions.

#### 2.1. BASIS OF PREPARATION

The financial statements of the Sub-Fund have been prepared in accordance with HKFRS Accounting Standards as issued by the Hong Kong Institute of Certified Public Accountants, accounting principles generally accepted in Hong Kong and the requirements of the Hong Kong Companies Ordinance that are relevant to the preparation of company level financial statements by an intermediate parent company.

The financial statements have been prepared under the historical cost basis, except for financial assets classified at fair value through profit or loss that have been measured at fair value. The financial statements are presented in United States Dollars ("US\$") and all values are rounded to the nearest US\$ except where otherwise indicated.

A cash flow statement has not been presented as the Company does not operate a bank or cash account or hold any cash equivalents and has had no cash transactions during the accounting period. Accordingly, in the opinion of the directors, the presentation of a cash flow statement would provide no additional useful information to the users of the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Company applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after 1 January 2025. The Company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

Lack of exchangeability – Amendments to HKAS 21

For annual reporting periods beginning on or after 1 January 2025, Lack of Exchangeability – Amendments to HKAS 21 The Effects of Changes in Foreign Exchange Rates specifies how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments did not have a material impact on the Company's financial statements.

2.3. ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these new and amended standards and interpretations, if applicable, when they become effective.

HKFRS 18	<i>Presentation and Disclosure in Financial Statements<sup>2</sup></i>
Amendments to HKFRS 9 and HKFRS 7	<i>Amendments to the Classification and Measurement of Financial Instruments<sup>1</sup></i>
<i>Annual Improvements to HKFRS Accounting Standards – Volume 11</i>	Amendments to HKFRS 1, HKFRS 7, HKFRS 9, HKFRS 10 and HKAS 7 <sup>1</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2026

<sup>2</sup> Effective for annual/reporting periods beginning on or after 1 January 2027

## HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

### NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

#### 2.3. ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS (continued)

HKFRS 18 replaces HKAS 1 *Presentation of Financial Statements*. While a number of sections have been brought forward from HKAS 1 with limited changes, HKFRS 18 introduces new requirements for presentation within the statement of profit or loss, including specified totals and subtotals. Entities are required to classify all income and expenses within the statement of profit or loss into one of the five categories: operating, investing, financing, income taxes and discontinued operations and to present two new defined subtotals. It also requires disclosures about management-defined performance measures in a single note and introduces enhanced requirements on the grouping (aggregation and disaggregation) and the location of information in both the primary financial statements and the notes. Some requirements previously included in HKAS 1 are moved to HKAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors*, which is renamed as HKAS 8 *Basis of Preparation of Financial Statements*. As a consequence of the issuance of HKFRS 18, limited, but widely applicable, amendments are made to HKAS 7 *Statement of Cash Flows*, HKAS 33 *Earnings per Share* and HKAS 34 *Interim Financial Reporting*. In addition, there are minor consequential amendments to other HKFRSs. HKFRS 18 and the consequential amendments to other HKFRSs are effective for annual periods beginning on or after 1 January 2027 with earlier application permitted. Retrospective application is required. The Company is currently analysing the new requirements and assessing the impact of HKFRS 18 on the presentation and disclosure of the Company's financial statements.

Amendments to HKFRS 9 and HKFRS 7 clarify the date on which a financial asset or financial liability is derecognised and introduce an accounting policy option to derecognise a financial liability that is settled through an electronic payment system before the settlement date if specified criteria are met. The amendments clarify how to assess the contractual cash flow characteristics of financial assets with environmental, social and governance and other similar contingent features. Moreover, the amendments clarify the requirements for classifying financial assets with non-recourse features and contractually linked instruments. The amendments also include additional disclosures for investments in equity instruments designated at fair value through other comprehensive income and financial instruments with contingent features. The amendments shall be applied retrospectively with an adjustment to opening retained profits (or other component of equity) at the initial application date. Prior periods are not required to be restated and can only be restated without the use of hindsight. Earlier application of either all the amendments at the same time or only the amendments related to the classification of financial assets is permitted. The amendments are not expected to have any significant impact on the Company's financial statements.

*Annual Improvements to HKFRS Accounting Standards – Volume 11* set out amendments to HKFRS 1, HKFRS 7 (and the accompanying *Guidance on implementing HKFRS 7*), HKFRS 9, HKFRS 10 and HKAS 7. Details of the amendments that are expected to be applicable to the Company are as follows:

- *HKFRS 7 Financial Instruments: Disclosures*: The amendments have updated certain wording in paragraph B38 of HKFRS 7 and paragraphs IG1, IG14 and IG20B of the *Guidance on implementing HKFRS 7* for the purpose of simplification or achieving consistency with other paragraphs in the standard and/or with the concepts and terminology used in other standards. In addition, the amendments clarify that the *Guidance on implementing HKFRS 7* does not necessarily illustrate all the requirements in the referenced paragraphs of HKFRS 7 nor does it create additional requirements. Earlier application is permitted. The amendments are not expected to have any significant impact on the Company's financial statements.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

2.3. ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS  
(continued)

- *HKFRS 9 Financial Instruments*: The amendments clarify that when a lessee has determined that a lease liability has been extinguished in accordance with HKFRS 9, the lessee is required to apply paragraph 3.3.3 of HKFRS 9 and recognise any resulting gain or loss in profit or loss. In addition, the amendments have updated certain wording in paragraph 5.1.3 of HKFRS 9 and Appendix A of HKFRS 9 to remove potential confusion. Earlier application is permitted. The amendments are not expected to have any significant impact on the Company's financial statements.
- *HKAS 7 Statement of Cash Flows*: The amendments replace the term "cost method" with "at cost" in paragraph 37 of HKAS 7 following the prior deletion of the definition of "cost method". Earlier application is permitted. The amendments are not expected to have any impact on the Company's financial statements.

2.4. MATERIAL ACCOUNTING POLICIES

Financial instruments

*(i) Classification*

In accordance with HKFRS 9, the Sub-Fund classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

In applying that classification, a financial asset or financial liability is considered to be held for trading if:

- it is acquired or incurred principally for the purpose of selling or repurchasing it in the near term; or
- on initial recognition, it is a part of a portfolio of identified financial instruments that are managed together and for which, there is evidence of a recent actual pattern of short-term profit-taking; or
- it is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective as a hedging instrument).

*Financial assets*

The Sub-Fund classifies its financial assets as subsequently measured at amortised cost or measured at fair value through profit or loss on the basis of both:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial asset

*Financial assets measured at amortised cost*

A debt instrument is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Sub-Fund includes in this category short-term non-financing receivables including interest receivable on financial assets and liabilities at fair value through profit or loss and cash and cash equivalents.

(an open-ended fund company with variable capital and segregated liability between sub-funds)

### NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

#### 2.4. MATERIAL ACCOUNTING POLICIES (continued)

##### Financial instruments (continued)

###### *(i) Classification* (continued)

###### *Financial assets measured at fair value through profit or loss (FVPL)*

A financial asset is measured at fair value through profit or loss if:

- (a) Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and interest (SPPI) on the principal amount outstanding; or
- (b) It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
- (c) At initial recognition, it is irrevocably designated as measured at fair value through profit or loss when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

###### *Finance liabilities*

###### *Financial liabilities measured at fair value through profit or loss (FVPL)*

A financial liability is measured at FVPL if it meets the definition of held for trading. The Sub-Fund also include their redeemable shares in this category.

###### *Financial liabilities measured at amortised cost*

This category includes all financial liabilities, other than those measured at FVPL. The Sub-Fund include custodian fee payable, management fee payable, amount due to the manager and other payables in this category.

###### *(ii) Recognition*

The Sub-Fund recognises a financial asset or financial liability when it becomes a party to the contractual provisions of the instrument.

Purchases or sales of financial assets that require delivery of assets within the timeframe generally established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Sub-Fund commits to purchase or sell the asset.

###### *(iii) Initial measurement*

Financial assets and financial liabilities at fair value through profit or loss are recorded in the statement of financial position at fair value. All transaction costs for such instruments are recognised directly in profit or loss.

Financial assets and liabilities (other than those classified as fair value through profit or loss) are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

2.4. MATERIAL ACCOUNTING POLICIES (continued)

Financial instruments (continued)

*(iv) Subsequent measurement*

After initial measurement, the Sub-Fund measures financial instruments which are classified as at fair value through profit or loss at fair value. Subsequent changes in the fair value of those financial instruments are recorded in net gain or loss on financial assets and liabilities at fair value through profit or loss in profit or loss. Interest and dividends earned or paid on these instruments are recorded separately in interest income or expense and dividend income or expense in profit or loss. Debt instruments, other than those classified as at fair value through or loss, are measured at amortised cost using the effective interest method less any allowance for impairment. Gains and losses are recognised in profit or loss when the debt instruments are derecognised or impaired, as well as through the amortisation process.

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating the interest income or interest expense in profit or loss over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or to the amortised cost of the financial liability. When calculating the effective interest rate, the Sub-Fund estimates cash flows considering all contractual terms of the financial instruments but does not consider future credit losses. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

*(v) Derecognition*

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Sub-Fund's statement of financial position) when:

- The rights to receive cash flows from the asset have expired; or
- The Sub-Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Portfolio has transferred substantially all the risks and rewards of the asset; or (b) the Portfolio has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Sub-Fund has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates, if and to what extent, it has retained the risk and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Sub-Fund continues to recognise the transferred asset to the extent of the Sub-Fund's continuing involvement. In that case, the Sub-Fund also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Sub-Fund has retained. The Sub-Fund derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired.

## HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

### NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

#### 2.4. MATERIAL ACCOUNTING POLICIES (continued)

##### Impairment of financial assets

The Sub-Fund holds only interest and subscription receivables with no financing component and which have maturities of less than 12 months at amortised cost and, as such, has chosen to apply an approach similar to the simplified approach for expected credit losses ("ECL") under HKFRS 9 to all its receivables. Therefore, the Sub-Fund does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

The Sub-Fund's approach to ECLs reflects a probability-weighted outcome, the time value of money and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Sub-Fund uses the provision matrix as a practical expedient to measure ECLs on receivables, based on days past due for groupings of receivables with similar loss patterns. Receivables are grouped based on their nature. The provision matrix is based on historical observed loss rates over the expected life of the receivables and is adjusted for forward-looking estimates.

##### Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the statement of financial position.

##### Fair value measurement

The Sub-Fund measures its investments in financial instruments, such as debt investments, at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or, in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to the Sub-Fund.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value for financial instruments traded in active markets at the reporting date is based on their quoted price or binding dealer price quotations, without any deduction for transaction costs.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

2.4. MATERIAL ACCOUNTING POLICIES (continued)

Fair value measurement (continued)

For all other financial instruments not traded in an active market, the fair value is determined by using valuation techniques deemed to be appropriate in the circumstances. Valuation techniques include the market approach (i.e., using recent arm's length market transactions adjusted as necessary and reference to the current market value of another instrument that is substantially the same) and the income approach (i.e., discounted cash flow analysis and option pricing models making as much use of available and supportable market data as possible).

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Sub-Fund identifies transfers between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Sub-Fund has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Functional and presentation currency

The Sub-Fund's functional currency is US\$, which is the currency of the primary economic environment in which it operates. The Sub-Fund's performance is evaluated, and its liquidity is managed in US\$. Therefore, the US\$ is considered as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The fund's presentation currency is also US\$.

Foreign currency translations

Transactions during the period, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate of exchange ruling at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Foreign currency transaction gains and losses on financial instruments classified as at fair value through profit or loss are included in profit or loss as part of the net gain or loss on financial assets at fair value through profit or loss. Foreign exchange differences on other financial instruments are included in profit or loss as net foreign exchange gains.

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

2.4. MATERIAL ACCOUNTING POLICIES (continued)

Net assets attributable to holders of participating shares

The Sub-Fund issues redeemable participating shares, namely Class I shares, Class O shares and Class A shares, which are redeemable at the shareholder's option and are classified as financial liabilities.

Participating shares are subscribed and redeemed during each dealing day or such other day or days determined by the director may agree from time to time for cash equal to a proportionate share of the Sub-Fund's net assets attributable to holders of redeemable participating shares of the relevant classes. The Manager is entitled to limit the number of redeemable participating shares of the Sub-Fund redeemed on any business day to 20% of the total number of redeemable participating shares of the Sub-Fund in issue.

Participating shares are issued and redeemed at the holder's option at prices based on the Sub-Fund's net assets attributable to holders of redeemable participating shares per share at the time of issue or redemption. The Sub-Fund's net assets attributable to holders of redeemable participating shares per share is calculated by dividing the net assets attributable to holders by the number of shares in issue.

Distributions to shareholders

Distributions are at the discretion of the Manager. A distribution to the Sub-Fund's shareholders are included in profit or loss in the statement of profit or loss and other comprehensive income as the 'Finance costs'. A proposed distribution is recognised as a liability in the period in which it is approved by the Manager of the Sub-Fund'.

Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash at banks and short-term deposits with a maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents, as defined above, net of outstanding bank overdrafts when appropriate.

Interest income

Interest income is recognised in profit or loss for all interest-bearing financial instruments using the effective interest method.

Government grant

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, for which it is intended to compensate, are expensed

Transaction cost

Transaction costs are costs incurred to acquire financial assets or financial liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisers, brokers and dealers. Transaction costs, when incurred, are immediately recognised in profit or loss as an expense.

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

2.4. MATERIAL ACCOUNTING POLICIES (continued)

Net gain or loss on financial assets at fair value through profit or loss

This item includes changes in the fair value of financial assets as “fair value through profit or loss” and excludes interest and dividend incomes and expenses.

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised in the reporting period.

Realised gains and losses on disposals of financial instruments classified as “fair value through profit or loss” are calculated using the weighted average method. They represent the difference between an instrument's initial carrying amount and disposal amount, or cash payments or receipts made on derivative contracts (excluding payments or receipts on collateral margin accounts for such instruments).

Related parties

A party is considered related to the Company and the Sub-Fund if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has controls or joint control over the Company and the Sub-Fund;
  - (ii) has significant influence over the Company and the Sub-Fund; or
  - (iii) is a member of the key management personnel of the Sub-Fund or of a parent of the Company and the Sub-Fund;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Company and the Sub-Fund are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary, or fellow subsidiary of the other entity);
  - (iii) the entity and the Company and the Sub-Fund are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Company and the Sub-Fund or an entity related to the Sub-Fund;
  - (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
  - (viii) the entity of any member of a group of which it is a part, provides key management personnel services to the Company and the Sub-Fund.

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

3. FEES

Management fee

The Manager is entitled to receive a management fee from the Sub-Fund as a percentage of net assets attributable to holders of redeemable participating shares of each class of share of the Sub-Fund Class A Shares: 0.80% (2024: 0.80%) per annum; Class I Shares: 0.40% (2024: 0.40%) per annum and Class O Shares: 0% (2024: 0%) per annum with respect to the net asset value of the Sub-Fund accrued daily and payable monthly in arrears.

Custodian fee / administration fee

For net asset value equals or is less than US\$100 million, the administrator and custodian are entitled to receive fee at a rate of 0.07% per annum (subject to a minimum monthly fee of US\$1,200) of the net asset value. For net asset value on excess over US\$100 million, the Administrator and Custodian are entitled to receive fee at a rate of 0.06% per annum of the net asset value. The administrator's and custodian's fees are calculated and payable monthly in arrears. The custodian fee gross amount includes a minimum charge of \$1,200 per month for 12 months, which is waived for the first 13 months from the launch of the Sub-Fund and inclusively up to 31 December 2023. Any excess amount incurred were reimbursed by the Manager starting from 1 January 2024. For the year ended 31 December 2025, the excess amount reimbursed by the Manager in respect of the custodian fee amounted to US\$9,948 (2024: US\$10,167).

4. FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE THROUGH PROFIT OR LOSS

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

4. FINANCIAL ASSETS AND LIABILITIES AT FAIR VALUE THROUGH PROFIT OR LOSS (continued)

Valuation techniques

*Debt securities*

The Sub-Fund invests in debt securities including corporate bonds. In the absence of a quoted price in an active market, they are valued using observable inputs such as recently executed transaction prices in securities of the issuer or comparable issuers and yield curves. Adjustments are made to the valuations when necessary to recognise differences in the instrument's terms. To the extent that the significant inputs are observable, the Sub-Fund categorises these investments as Level 2.

The following table analyses within the fair value hierarchy the Sub-Fund's financial assets measured at fair value at 31 December 2025 and 2024.

	Quoted price in active markets Level 1 US\$	Significant observable inputs Level 2 US\$	Significant unobservable inputs Level 3 US\$	Total US\$
31 December 2025				
Financial assets at fair value through profit or loss				
- Bonds	-	6,536,158	-	6,536,158
	<u>-</u>	<u>6,536,158</u>	<u>-</u>	<u>6,536,158</u>
31 December 2024				
Financial assets at fair value through profit or loss				
- Bonds	-	5,993,508	-	5,993,508
	<u>-</u>	<u>5,993,508</u>	<u>-</u>	<u>5,993,508</u>

There are no investments classified within Level 3. During the year, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 for financial assets (2024: Nil).

5. CASH AT BANK

The bank balances are held in interest bearing accounts within interest bearing bank accounts. The carrying amount of cash at bank approximate to their fair value.

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

6. NUMBER OF SHARES IN ISSUE

The following is the subscription of shares of the Sub-Fund during the years ended 31 December 2025 and 31 December 2024:

	As at 1 January 2025	Issue of shares	Redemption of shares	As at 31 December 2025
- CLASS I	1,000	-	-	1,000
- CLASS O	462,923	-	-	462,923
- CLASS A	10	246	-	256
Total	<u>463,933</u>	<u>246</u>	<u>-</u>	<u>464,179</u>

	As at 1 January 2024	Issue of shares	Redemption of shares	As at 31 December 2024
- CLASS I	1,000	-	-	1,000
- CLASS O	462,923	-	-	462,923
- CLASS A	-	10	-	10
Total	<u>463,923</u>	<u>10</u>	<u>-</u>	<u>463,933</u>

7. NET ASSETS ATTRIBUTABLE TO SHAREHOLDERS

A reconciliation of the net assets attributable to holders of redeemable participating shares as reported in the statement of financial position to the net assets attributable to holders of redeemable participating shares as determined for the purposes of processing share subscriptions and redemptions is provided below:

	2025 US\$	2024 US\$
Published net assets attributable to shareholders	6,646,180	6,072,775
Adjustment for establishment costs	(9,914)	(15,073)
Over accrual of interest income	<u>6,556</u>	<u>6,556</u>
Net assets attributable to shareholders as reported in the financial statements	<u>6,642,822</u>	<u>6,064,258</u>

NOTES TO THE FINANCIAL STATEMENTS

Class A		
Net assets attributable to shareholders per share	<u>US\$101.0950</u>	<u>US\$101.2370</u>

As of 31 December 2025, net assets attributable to shareholders per share of management share of the Company were nil (2024: nil).

8. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES

Investment in the Sub-Fund is subject to normal market fluctuations and other risks inherent in investing in securities and there can be no assurance that any appreciation in value will occur. The value of investments and the income from them fluctuate and therefore the value of the redeemable participating shares can fall as well as rise.

The performance of the Sub-Fund will be affected by a number of risk factors, including the following:

**Market risk**

Market risk is the risk of loss arising from uncertainty concerning movements in market prices and rates, including observable variables such as interest rates, credit spreads, exchange rates, and others that may be only indirectly observable such as volatilities and correlations. Market risk includes such factors as changes in economic environment, consumption pattern and investors' expectation etc. which may have significant impact on the value of the investments. Market movement may therefore result in substantial fluctuation in the net assets attributable to holders of redeemable participating shares of each class per redeemable class share of the Sub-Fund.

The maximum risk resulting from financial instruments equals their fair value.

## HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

### NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

#### 8. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

##### **Market risk** (continued)

The Sub-Fund assumes market risk in trading activities. The Sub-Fund distinguishes market risk as follows:

- Interest rate risk
- Foreign exchange risk

##### Interest rate risk

Interest rate risk arises from the effects of fluctuations in the prevailing levels of markets interest rates on the fair value of interest-bearing assets and future cash flow.

As the Sub-Fund has invested in debt securities whose values are driven significantly by changes in interest rates, the Sub-Fund is subject to interest rate risk. When interest rates rise, the value of previously acquired debt securities will normally fall because new debt securities acquired will pay a higher rate of interest. In contrast, if interest rates fall, then the value of the previously acquired debt securities will normally rise. The Manager regularly assesses the economic condition, monitors changes in interest rates outlook and takes appropriate measures accordingly to control the impact of interest rate risk. In a rising interest rate environment, the Sub-Fund will acquire debts with a shorter maturity profile to minimise the negative impact to the portfolio.

As at 31 December 2025, the Sub-Fund held fixed rate bond investments.

The following table demonstrates the sensitivity of the Sub-Fund's profit or loss for the period to a reasonably possible change in interest rates, with all other variables held constant.

	Change in basis points	Sensitivity of change in fair value of investments (decrease)/ increase US\$
As at 31 December 2025		
- Bonds	+25/-25	(16,000)/16,000
As at 31 December 2024		
- Bonds	+25/-25	(15,000)/15,000

##### Foreign exchange risk

Foreign exchange risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates.

The Sub-Fund holds assets and liabilities predominately denominated in US\$, the functional currency of the Sub-Fund. The Manager considers the Sub-Fund is not exposed to significant currency risk and therefore no sensitivity analysis is presented.

##### **Liquidity risk**

Liquidity risk is defined as the risk that the Sub-Fund will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial assets. The Sub-Fund is exposed to cash redemptions of its redeemable participating shares on every Hong Kong and PRC business day during the calendar period.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

8. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

**Liquidity risk** (continued)

Liquidity risk may also result from an inability to sell a financial asset quickly at an amount close to its fair value. The Sub-Fund invests in the global bond market. In the absence of an active market, the Sub-Fund may need to hold the debt securities until their maturity date. Even if a secondary market develops, the price at which debt securities are traded may be higher or lower than the initial subscription price due to many factors including prevailing interest rates. Further, the bid and offer spread of the price of debt securities may be wide and significant trading costs therefore need to be incurred. The Sub-Fund may suffer losses when such investments are sold.

The Manager seeks to control the liquidity risk of the investment portfolio in order to meet shareholders' redemption requests.

The following table summarises the maturity profile of the Sub-Fund's financial liabilities.

	On demand US\$	Less than 3 months US\$	Others US\$	Total US\$
As at 31 December 2025				
<u>Financial liabilities</u>				
Management fee payable	-	436	-	436

\* Subject to redemption terms per prospectus of the Sub-Fund

**Credit and counterparty risk**

The Sub-Fund is exposed to credit risk, which is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Sub-Fund by failing to discharge an obligation. The Sub-Fund is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations. These credit exposures exist within interest receivables and cash and cash equivalents.

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

8. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

***Credit and counterparty risk*** (continued)

Financial assets subject to HKFRS 9's impairment requirements

The Sub-Fund's financial assets subject to the expected credit loss model within HKFRS 9 are cash at bank and interest receivable on debt securities. At 31 December 2025, the total of cash at bank and interest receivable on debt securities was approximately US\$151,922 (2024: US\$115,267). No assets are considered impaired and no amounts have been written off in the year.

All receivables are expected to be received in three months or less. An amount is considered to be in default if it has not been received 30 days after it is due.

Financial assets not subject to HKFRS 9's impairment requirements

The Sub-Fund is exposed to credit risk on debt instruments. These classes of financial assets are not subject to HKFRS 9's impairment requirements as they are measured at fair value through profit or loss. The carrying value of these assets represents the Sub-Fund's maximum exposure to credit risk on financial instruments not subject to the HKFRS 9 impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

Credit quality of financial assets not subject to HKFRS 9's impairment requirements

The Sub-Fund primarily invests in investment grade debt securities globally.

The Sub-Fund's financial assets which are potentially subject to concentrations of counterparty risk consist principally of bank deposits and investments held with the financial institutions as listed out below. The table below summarises the Sub-Fund's assets placed with banks and the custodian:

	US\$	Credit rating
As at 31 December 2025		
<b><u>Custodian</u></b>		
Bank of Communications Trustee Limited	6,536,158	A
<b><u>Bank</u></b>		
Citibank (Hong Kong)	99,173	A
Industrial Bank Co Ltd, Hong Kong Branch	1,000	BBB
As at 31 December 2024		
<b><u>Custodian</u></b>		
Bank of Communications Trustee Limited	5,993,508	A
<b><u>Bank</u></b>		
Citibank (Hong Kong)	51,963	A

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

9. TRANSACTIONS WITH THE MANAGER AND ITS CONNECTED PERSONS

Connected persons of the Manager are those as defined in the SFC Code. All transactions entered into during the period between the Sub-Fund and its connected persons were carried out in the normal course of business and on normal commercial terms. To the best of the Manager's knowledge, the Sub-Fund does not have any other transactions with connected persons except for what is disclosed below.

A. Holdings in the Sub-Fund

The Sub-Fund allows the Manager, its connected persons and other funds managed by the Manager to subscribe for, and redeem, shares in the Sub-Fund. The holdings in the Sub-Fund by the Manager and its connected persons as at 31 December 2025 and 2024 were as follows:

Shares held by indirectly or through its wholly owned subsidiary of HuaAn Asset Management (Hong Kong) Limited (Hong Kong) Company Limited, the Manager of the Sub-Fund:

Connected Person	Share Class	Shares outstanding at beginning of the year	Shares subscribed during the year	Shares redeemed during the year	Shares outstanding at 31 December 2025
HuaAn Asset Management (Hong Kong) Limited	Class I (accumulation):	1,000	-	-	1,000
HuaAn Asset Management (Hong Kong) Limited	Class O (accumulation):	462,923	-	-	462,923
HuaAn Asset Management (Hong Kong) Limited	Class A (accumulation):	10	246	-	256

Connected Person	Share Class	Shares outstanding at beginning of the year	Shares subscribed during the year	Shares redeemed during the year	Shares outstanding at 31 December 2024
HuaAn Asset Management (Hong Kong) Limited	Class I (accumulation):	1,000	-	-	1,000
HuaAn Asset Management (Hong Kong) Limited	Class O (accumulation):	462,923	-	-	462,923
HuaAn Asset Management (Hong Kong) Limited	Class A (accumulation):	-	10	-	10

All transactions entered into during the period between the Sub-Fund and the Manager and its connected persons were carried out in the normal course of business and on normal commercial terms.

B. Fees earned by the Manager

Details of management fee earned by the Manager are set out in note 3 to the financial statements.

C. Certain charges, fees and expenses borne by the Manager

The excess amount reimbursed by the Manager in respect of the custodian fee are set out in note 3 to the financial statements.

D. Amount due to the Manager

The Manager has advanced some operating expenses on behalf of the Company and the Sub-Fund. The amount due to the Manager is unsecured, interest free and does not have a fixed repayment term.

HUAAN INVESTMENT FUND OFC

(an open-ended fund company with variable capital and segregated liability between sub-funds)

NOTES TO THE FINANCIAL STATEMENTS

31 December 2025

10. SOFT COMMISSION ARRANGEMENTS

The Manager and its connected persons may enter into soft commission arrangements with brokers under which certain goods and services used to support investment decision making will be received.

The Manager and its connected persons will not make direct payment for these services but will transact an agreed amount of business with the brokers on behalf of the Sub-Fund and commission will be paid on these transactions.

The goods and services must be of demonstrable benefit to the Sub-Fund and may include research and advisory services, economic and political analysis, portfolio analysis including valuation and performance measurement, market analysis and data and quotation services, computer hardware and software incidental to the above goods and services, clearing and custodian services and investment-related publications.

For the year ended 31 December 2025, the Manager had not participated in any soft dollar arrangements in respect of any transactions for the accounts of the Sub-Fund.

11. TRANSACTION COST AND COMMISSION EXPENSE

Transaction cost pertains to fees such as transaction levy and settlement fee for transaction made on the exchange. Commission expense pertains to broker commission made through the broker at the market rate based on the transaction value.

12. SUBSEQUENT EVENTS

After the date of the reporting period, the Sub-Fund have subsequent subscriptions for Class I USD(ACC) amounting to US\$71,921.

13. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the board of directors on 17 April 2026.
